**REQUEST FOR INFORMATION
DESIGN AND BUILD OF KAMARANG HOSPITAL
REGION 7 – GUYANA**

RFI No. 01/2025: Request for Information for the Design and Build of Kamarang Hospital in Region No. 7

The Government of the Cooperative Republic of Guyana has received loan financing from the Inter-American Development Bank (IDB) via the Health Care Network Strengthening in Guyana Programme, and it intends to apply part of the proceeds towards financing the Design and Build of a Hospital at Kamarang, in Region No. 7 of Guyana.

The objective of this Request for Information is to determine nontraditional and modern methods for the construction of a hospital in remote areas that are accessible mainly by air. Consideration should be given to the logistics in procuring and transporting the materials recommended such as pre-fabricated panels, frames, steel structures, sand, cement, aggregate, timber and other building materials necessary into Kamarang, Region No. 7 as well as the required construction methodologies. This is **NOT** a short-listing or prequalification exercise.

Interested, eligible contractors are invited to submit the information listed in the RFI **on or before March 17, 2025**, electronically to the email address: kamarang.hcns@gmail.com

Interested contractors shall provide information demonstrating that they have the required experience to perform similar works. Contractors must provide the following documentation/information to establish or to illustrate their competence in the performance of the services required:

1. Experience

- a. Contractors must have completed similar works within the last 8 years. Evidence of at least two previously completed projects in remote mountainous regions, specifically demonstrating capabilities in managing limited transportation access, should be provided.

2. Detailed Submission: Interested contractors are invited to submit detailed information about their capabilities and approach to this Project. Submissions should include:

- a. Comprehensive detailed methodology (**maximum of 20 pages**) addressing expected challenges and strategies to mitigate risks associated with construction in remote areas.
- b. Documentation demonstrating experience and capabilities through case studies of past similar works.

In assessment of submissions, consideration will be given to experience on similar assignments. **All information must be submitted in English.**

Interested Contractors may request further information or details to support their proposal on the following main features of the proposed Hospital:

- The proposed size and spaces of the Hospital.
- The main services of the Hospital.
- The number of inpatient and general beds.
- The standards to be followed for the construction.

- Life expectancy of the Hospital.
- Topographical and Cadastral information of the site.

Information can be obtained from the Procurement Specialist of the Health Care Network Strengthening Programme at kamarang.hcns@gmail.com “*Request for Information – Design and Build Kamarang Hospital, Region 7, Guyana.*”

Request for Information shall be submitted electronically (via e-mail) to the Procurement Specialist at kamarang.hcns@gmail.com and addressed to **The Project Coordinator, Health Care Network Strengthening**. The electronic submission should include the name and address of the applicant and the subject heading shall clearly indicate “*Request for Information - Design and Build Kamarang Hospital, Region 7, Guyana*”.
